Why Cough

Ask your doctor if all coughs are necessary. If not, then why cough? Ask him about Ayer's Cherry Pectoral.

Stop coughing! Coughing rasps and tears. Stop it! Coughing prepares the throat and lungs for more trouble. Stop it! There is nothing so bad for a cough as coughing. Stop it! Ayer's Cherry Pectoral is a regular doctor's medicine for coughs and colds.

EFFORTS TO SETTLE

SPEAKERSHIP RACE

Democratic Leaders Come to Conclusion That Contest Would Be a Bad Thing For the Party.

INDIANAPOLIS, Ind., Nov. 19.—Efforts will be made to settle the race for the Speakership of Representatives within the next few days. Democratic leaders are coming to the conclusion that the contest between the

various elements that are behind certain Speakership candidates would be a bad thing for the party on the eye of what promises to be a very important session of the Legislature.

The fact that National Committee-man Taggart and his friends have shown a strong disposition to back W. W. Spencer, of Indianapolis, for the Speakership has aroused the friends of the other candidates, and they are now beginning to grumble over the possibility of the Taggart machine trying to frame up the legislative organization to suit its own plans.

Taggart insists that his only reason for being for Spencer is that they have been friends for many years, and he feels that he is in duty bound to support Spencer. The latter is an old time leader in Indianapolis politics and he has been lined up with Taggart in practically every fight the latter has made in this city.

MARKETS

CHICAGO, Nov. 18.—WHEAT—We believe this adverse crop talk coming from Argentina has the same character as that received from various sections of our country while the crop killers were out and the leaders wisher to use poor crop news to start a bull market. It is conservative to calculate that Argentina will have a surplus of 100,000,000 bushels and possibly more, a great increase over the amount for export last year. We have about 100,000,000 bushels of wheat in this country over and above all domestic needs. The recently seeded winter wheat crop of which there is now scarcely a complaint is six million acres in excess of the harvested area from the last crop all these facts in connection with the present visible supply of 42,000,000 bushels and the European visible of 123,000,000 bushels and all other exporting countries under selling this side, the outlook must be considered bearish. For the present with the trade must be content with the bullish tactics of the local leaders. As we stated yesterday morning this effort to churn the market and possibly work it up to a little better level for hedging purposes in May contracts suggests careful trading while it lasts.

CORN—It remained for a group of pit leaders to take the lead in forcing a break in corn on closing trades. The average trader has been a little timid about pressing the selling side because of light country offerings and small stocks. The quality of the crop this year is so fine that a few days of bad weather now and then will not seriously interfere with marketing.

OATS—Further break in corn will mean a decline in the oats market.

PROVISIONS—Gelt says: there are 17,000 hogs vs. 19,000 last year. At Western Points we have packed, since November 1, 165,000 hogs less than the corresponding time last year. The cash trade is fairly good.

CHICAGO, Nov. 18.—Cattle, Receipts, 25,000; steady, beefers, \$4.40 @ 7.40; Texas steers, \$4.00 @ 5.25; Western steers, \$4.10 @ 6.50; stockers and feeders, 3.30 @ 5.60; cows, and heifers, \$2.20 @ 6.20; calves, \$7.50 @ 10.00. Hogs: Receipts, 16,000; five to ten lower, \$6.90 @ 7.50. Sheep: Receipts, 8,000 weak, native, \$2.25 @ 3.95; western, \$2.50 @ 4.00; yearlings, 4.00 @ 5.00. Lambs, native, \$4.00 @ 6.10; western, \$4.25 @ 6.00.
